

Please see the following from the Governor's Office along with additional links and resources:

New York State has created a landing page for **all offers of assistance**. This page provides clear and concise directions for where people should direct offers of assistance from healthcare professionals, where they can sell products to help with response, how to help NYS manufacture products, and donations of goods and services.

Please familiarize yourself with this page. **If anyone contacts you or your office with an offer of assistance, please direct them to this link:** <https://coronavirus.health.ny.gov/get-involved-how-you-can-help>.
